A LECTURE

TO YOUNG MEN.

Just Published, in a small Octavo. Price Six Cents.

LECTURES ON THE NATURE, TREATMENT, AND RADICAL CURE OF SPASTOMATOSIS, OR, SEMINAL WEAKNESS, INVOLUNTARY EMISSIONS, SEMINAL DYSBILITY, AND IMPEDIMENTA TO MARRIAGE, GENERALLY. NEUROSES, CONSUMPTION, EPILEPSY, AND FITS: MENTAL AND PHYSICAL INCAPACITATE, RESULTING FROM SELF-ABUSE, &c.—By ROBERT J. CULVERWELL, D. Author of the "Green Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of self-abuse may be effectively removed without medical aid, and without dangerous surgical operations, bougies, instruments, rings, or crutches, pointing out a mode of cure at once certain and effectual, by which every sufferer—matter what his condition may be, may correct himself cheaply, privately, and radically.

THE LECTURE WILL PROVE A BOOK THOUSANDS AND THOUSANDS.

Send under seal, to say address, in a plain envelope, on the receipt of six cents, two postage stamps. Also Dr. Culverwell's "Marriage Guide," price 25 cents.—Address the publishers.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD,

And for the speedy cure of the following complaints: Scrofula and Tuberculosis, Affections of the Liver, Jaundice, Ulcers, Skin Diseases, Rheumatism, Pustules, Blotches, Melas, Eczema, and all Skin Diseases.

OAKLAND, N. Y., 16th July, 1867.

J. C. AYER & Co., Dear Sirs, I feel it duty to acknowledge that your Sarsaparilla has done for me, having inherited a Scrofulous affection, I have suffered from it in various ways for years. Sometimes burning, sometimes aching, sometimes a dull, sometimes it turned inward and distended one of my stomachs. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and location beyond description. It irritated the skin, and caused physical, but without much relief from anything. In fact, the disorder grew worse. At length I was reduced to rest in the Gospel Message, that you had prepared for me. I have since used your Sarsaparilla, and can assure you that nothing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a pint of water, and when I had a fever, and healthy skin began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well understand how I value your Sarsaparilla, and I hold you to be one of the apostles of the age, and remain ever gratefully yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Ergotism, Ergot, Ergotism, and Ergot, Rose Ergot, Ergot.

Dr. Robert M. Preble writes from Salem, N. H., 12th Sept., 1868, that he has cured an ulcerative case of Ergotism, which threatened to terminate in death, by giving your Sarsaparilla, and a few drops of Salvia officinalis, and a dangerous Malignant Ergotism by him, does of the same: says "cures the common Ergotism by it constantly."

Bronchitis, Colic or Swelled Neck.

Chronic Disease of the Liver, &c.

Dr. J. C. Ayer, of New Haven, Conn., writes:

"I am engaged with the rank of surgeon in the U.S. Army, and have had many opportunities of seeing your Sarsaparilla a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in those cases of Scrofula and Tuberculosis. I have cured many cases of the above disease, caused by ulceration of the uterus. The ulceration was often very severe. Nothing within my knowledge equalled your Sarsaparilla in its power to cure it."

Edward S. Marrow, of Newbern, Ala., writes:

"A dangerous cancerous tumor on one of the family in which had defied all the remedies we could employ, has at length been completely cured by your Sarsaparilla. I have no doubt that you have done something that extrication could afford relief, but I advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and梅毒.

NEW YORK, 25th August, 1868.

Dr. J. C. Ayer: Sir, I sincerely comply with the request of your agent, and report to you some of the results of your Sarsaparilla, which I have used with great success.

I have cured with it in practice, most of my complaints for which it is recommended, and have found its effects truly wonderful in the cure of Flanders, and Mercurial Diseases. One of my patients had a chronic ulcer on the right side of his abdomen, causing his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five months. Another was attacked by secondary syphilis, and was a most dangerous case, but I advised the trial of your Sarsaparilla, and he was soon relieved of his trouble, and recovered his health.

Another case of syphilis, which I have had for a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But yielded to my administration of your Sarsaparilla, and has been entirely removed.
